

# MYOLISS CREME

## ANTI-AGE SMOOTHING CREAM

With an advanced formula, MYOLISS CREME has a completely natural "skin myorelaxing" effect thanks to ML-S, an active principle extracted from *Nasturtium officinale*.

The relaxing effect limits micro-contractions, which immediately gives the face a smoother, more refreshed appearance.

Wrinkles appear smoothed out, skin is perfectly moisturized and radiant and the face appears incredibly younger.

### Principal Ingredients

ML-S is a completely natural, highly effective and completely safe active principle. It is a phyto-extract obtained from *Nasturtium officinale* that helps to relax the facial muscles responsible for the appearance of expression lines.

Thanks to its "skin myorelaxing" effect, the treated area will relax, the skin will appear redensified and the contours of the face will take on a more youthful appearance

### For whom and how

MYOLISS CRÈME acts naturally and effectively to fight expression lines and skin ageing.

Apply morning and evening to perfectly clean skin. Use together with MYOLISS SERUM for a more powerful anti-wrinkle effect.

# MYOLISS SERUM

## ANTI-AGE SMOOTHING SERUM

MYOLISS SERUM is a hyperactive serum that combines ML-S, a natural extract of *Nasturtium officinale* with a "skin myorelaxing" effect, with rice microproteins, which have exceptional anti-ageing properties.

A precious anti-ageing nectar, MYOLISS SERUM has an extraordinary tensor effect, relaxing wrinkles and smoothing out facial features.

### Principal Ingredients

ML-S, a natural extract of *Nasturtium officinale* with a "skin myorelaxing" effect, with rice microproteins, which have exceptional anti-ageing properties.

The combination of ML-S with rice proteins has a double anti-ageing effect: a localised, natural and physiological smoothing effect and reactivation of the skin metabolism.

It leaves skin restored, soft and radiant after every application.

### For whom and how

MYOLISS SERUM acts naturally and effectively to fight expression lines and skin ageing

Apply morning and evening to perfectly clean skin. Use together with MYOLISS CRÈME to obtain the best tensor effect.

# MYOLISS MASQUE

## ANTI-AGE SMOOTHING MASK

Based on an extraordinary combination of trace elements and ML-S, MYOLISS MASQUE has an immediate smoothing effect on wrinkles.

This mask has an immediate tensor effect, banishing signs of tiredness from the face and leaving skin wonderfully radiant and rejuvenated.

### Principal Ingredients

ML-S a natural extract of *Nasturtium officinale* promotes relaxation of the skin muscles that can be the cause of expression lines, whilst the trace elements facilitate collagen and elastin synthesis, thus helping to maintain a healthy cellular metabolism.

### For whom and how

MYOLISS MASQUE acts naturally and effectively to fight expression lines and skin ageing

Apply ½ times a week to perfectly clean skin. Complete the treatment with MYOLISS CREME and/or MYOLISS SERUM.
